VINNYTSIA NATIONAL TECHNICAL UNIVERSITY

As. Prof. Vitalii ISHCHENKO
Prof. Roman PETRUK
Department of Ecology, Chemistry and Environmental Protection Technologies

Vinnytsia National Technical University (VNTU) is one of the largest HEIs in Central Ukraine. VNTU provides a wide range of engineering courses in electronics, construction, power engineering, computer science, environmental engineering, etc. VNTU is a member of many international associations (IFIA, IAU, SPIE, OSA, IEEE, ACM, ESEHF, IASHE). Due to its strong research activity, start-up projects, and international collaboration, VNTU is a regional innovation hub. Department of Ecology, Chemistry and Environmental Protection Technologies trains bachelors and masters in Ecology and Environmental Protection Technologies, and is enrolled in research activity in the field of environment protection and chemical technologies. The Department's staff have an expertise in waste management, resources recovery, and energy efficiency through dozens of projects and international experience.

WE OFFER

- Colaboration on EU-funded projects (Horizon Europe, Erasmus+, bilateral projects, etc.)
- Applied research for cities, regions and ministries on waste management and energy efficiency
- Consultancy for business on waste management and resource recovery
- Hosting student and teacher volunteers

WE ARE LOOKING FOR

- Internal and external academic and scientific mobility
- Partners for «Erasmus+ KA2», «Horizon Europe», bilateral projects, and other initiatives
- Teacher training programs, modern training courses
- Access to modern equipment for joint experimental research and projects
- Purchasing old scientific equipment
- Volunteer guest lecturers

UNIQUE EXPERTISE & INITIATIVES

🎓JetIQ: unique distance learning, teaching and management system

🧠 Research Institute of Environmental Protection Technologies and Engineering
